

# SAVE THE DATE

## 8th of November 2023

From 9 to 17

At the South Denmark European House,  
Av. Palmerston 18, 1000 Brussels

---

## What happens with all the excellent and tangible products and good practices from ERASMUS + projects?

We all know it... The most difficult part of European innovation and research projects is the dissemination, exploitation and upscaling of results. And it is such a pity!

Because there are so many excellent and tangible results and good practices out there, that have created positive impact in the participating organisations. Impact that could also be created in organisations elsewhere in the EU, if they only knew more about the existence of these tangible results and good practices.

Come and join the Danish Regional EU offices (DACOB) in the South Denmark House, where we share good stories about high quality tangible products and good practices that have been developed in ERASMUS + projects with Danish lead.

### You can look forward to

- Network coffee & welcome.
- Opening speech by Mrs. Pia Ahrenkilde Hansen, Director General for DG Education, Youth, Sport and Culture.
- A series of good stories and workshop to try out tangible products and discuss good practices interrupted by a networking lunch.
- Panel discussion: Exploitation and uptake of tangible results and good practices from ERASMUS + projects what can we do better together?
- Networking drink.

**[Register for the event here](#)**

(Deadline Friday 3 November)
